animaux à fourrure gestion des règlements sur la Résumé des

Summary of the **Fur Management** Regulations

Fall '91 - Spring '92

SUMMARY OF REGULATIONS

- To trap fur-bearing animals under the authority of a trapper's licence, on Crown lands included in any trap-line area for which another trapper's licence has been issued.
- 8. (a) To trap fur-bearing animals in excess of the quotas specified on the licence.

- To tan, dress or treat fur-bearing animals or their pelts except under the authority of a licence.
- 13. To hunt or trap except with the written authority of the Minister.

- (Note: Sealing is not applicable to the pelt of any animal bred on a licensed fur farm).

To allow the pelt of any fur-bearing animal to be de-stroyed or spoiled.

- when proof of origin is produced when applying for licence to export.)

- 26. To use suspended snares on land for any purpose

- (c) The Municipality of Metropolitan Toronto.

- (f) The territorial districts of Manitoulin, Nipissing and Parry Sound.
- (g) Those parts of the territorial districts of Algoma, Sudbury and Timiskaming, lying south of a line described in paragraph 6(IV) of Schedule 2 to O. Reg. 156/81 which runs approximately from Halleybury westward through
- 28. (a) To discharge a fire-arm from or across a high-way, road, street, avenue, parkway, driveway, square, place, bridge, viaduct or trestle, used or intended for use by the public for the pas-sage of vehicles in any county (or in any re-gional municipality or as the case may be) des-
- 29. To have a loaded fire-arm in or on, or discharge a fire-arm from, an aircraft, motor-car or other vehi-
- For a person to hold a trapper's licence he must have resided in this Province for seven (7) months of the previous twelve (12) months.

- (a) use hooks, and traps with teeth or sharpened devices, spring pole sets (except with killing traps), dead falls or to set leg-hold traps in
- (b) set leg-hold traps for beaver, otter, mink or muskrat unless the trap is set under ice, or it is attached to a siding lock or a heavy object, or the leg-hold trap is sufficiently heavy and set in such a manner for mink or muskrat that the captured animal would be immediately sub-merged and drowned;

- (e) use a Conibear 110 or similar body gripping
- (g) use a leg-hold trap on land, other than a foot snare, except when trapping wolf, coyole, fox, bobcat and lynx.
- (h) trap black bears except with foot-snares, box or culvert traps;

- 34. A trapper or a farmer shall inspect at least once daily every live-holding trap set by him in that part of Ontario south of the most northerly east-west line of the Canadian National Raliway Company.

OPEN SEASON ZONES FOR FUR-BEARING ANIMALS

For the purpose of ensuring that fur-bearing animals are adequately prime when harvested, the Province of Ontario is divided into the following

Part 1

Part 2

Part 3a

That part of Ontario (i) south of Part 3a, (ii) east of Part 2, (iii) west of the Interprovincial Boundary between Ontario and Quebeo, (iv) and north of a line running westerly along the centre line of the main channel of the Mattawa Rilver, Lake Nipissing and the main channel of the French Rilver to the Intersection with the easterly boundary of the Township of Humboldt, then southerly along the southerly production of that boundary extending due south 40 miles in the waters of Georgian Bay and continuing due west to the International Boundary, stone of the Committee of the Co

CODE OF CONDUCT FOR TRAPPERS

PART 3b

- Feeding stations for birds and other animals such as marten and fisher should be maintained on your trapline.

- Diseased animals should be reported or submitted to the Ministry of Natural Resources promptly.

PART 4a

APPLYING FOR A TRAPPING LICENCE

Persons applying for their first trappling licence, or those who have not held a trapping licence during the past five years, are required to complete the Fur Harvest, Fur Management and Conservation Course which is generally given through Community Colleges. These courses are given by Ministry licensed instructors, and students are required to purchase the Fur Harvest, Fur Management and Conservation Course Manuals. Following It is practical field examination, individuals who may be practical field examination, individuals wishing to take the course should contact the District/Area Office. Individuals who are already licensed as trappers but have not taken the course are encouraged to do so as are persons who for various reasons are interested in furthearers and their management but do not intend to apply for a trapping licence.
